Genghis Khan was born in Dadal near to the Siberian border in the north east corner of Mongolia. This is a beautiful area of mountains, forest, lakes and wide rivers. It is also of immense historical significance and we will visit the places where Genghis Khan lived until he became leader of his people and moved his capital to Kharkhorin in Central Mongolia.

Most of the tour is on rough jeep tracks, packed mud or rock. There may be some river crossings (depends on recent weather conditions), although we travel out of our way to find bridges to cross the big rivers. All nights on tour are spent in the wild, camping in tents and we cover a distance of approximately 1300km in 6 days.
