We have designed a trip that is logically friendly and captures the essence of what has to be one of the most exciting adventure trips in the Valencian Community. This tour is full of impressive landscapes, including viewpoints and places of historical and cultural interest.

The expected driving experiences include driving on a wide variety of terrain, such as short distances of rocky roads, gravel tracks in good condition with their respective ups and downs, among others, all in natural settings and in the middle of the mountains so that you can discover the corners most incredible that the Valencian Community hides.

You don't need to be an expert off-road driving, but the novice will be tested.

The motorcycles (**included in the price**) will be the aggressive **KTM 790 Adventure** and its little sister **390 Adventure**, perfect for having a higher level of performance and for those who like a lighter bike, we will have the **HONDA CRF 300 L**

If they wish, can also use their own motorcycles (Price €1100). For more information, please contact us.
